

(Bi-)Annual Meetings of the Swiss Neonatology Group

Prof. Thomas M. Berger

Date	Organizer	Place	Topics
22.03.1983	Prof. P. Nars	Basel	Topics and/or presentations Group B streptococcal infections The very preterm infant Early detection of hearing deficits
15.11.1983	Dr. B. Straume	Berne	Topics and/or presentations Serum AFP screening in pregnancy Helicopter transports Guthrie test Survey of neonatal mortality in Switzerland
30.10.1984	PD Dr. G. Schubiger	Lucerne	Topics and/or presentations Lactoengineering Preterm infants less than 1500 g Bedside assessment of energy requirements
23.04.1985	Prof. A. Calame	Lausanne	Topics and/or presentations Charting for neonates Cerebral ultrasound Cot death - support for bereaved families Cot death - management of infants at risk
26.11.1985	PD Dr. E. Bossi	Berne	Topics and/or presentations ROP epidemiology Hyperbilirubinemia Respiratory distress High frequency ventilation in hyaline membrane disease Antibiotics in neonatology AIDS
22.04.1986	Dr. P. Pilloud	Neuchâtel	Topics and/or presentations Respiratory distress syndrome in Switzerland 1974-1984 Neonatal mortality and autopsy results (Zurich) Autopsy results (Berne) AIDS Risks of formol sterilization of incubators Perinatal pharmacology Placental permeability
04.11.1986	PD Dr. R. Zurbrügg	Bienne	Topics and/or presentations Transcutaneous pO ₂ and SpO ₂ measurements Pulse oximetry Ultrasound of the hip
17.03.1987	Prof. G. Duc	Zurich	Topics and/or presentations

Date	Organizer	Place	Topics
			Congenital malformations
			Apnea of prematurity
			Perinatal HIV infection
03.11.1987	Dr. B. Friolet	Delémont	Topics and/or presentations
			Prevention of cow's milk protein intolerance
			Psychosocial aspects of breast feeding
			Committee on congenital malformations
19.04.1988	Dr. G. Délèze	Sion	Topics and/or presentations
			Allergies
			Polycythemia
			Immunization of preterm infants
			Committee on congenital malformations
08.11.1988	Dr. F. Renevey	Fribourg	Topics and/or presentations
			Carbonmonoxide in maternal and cord blood
			Screening of thalassemia and hemoglobinopathies
			Prophylxis of conjunctivitis and chlamydia infections
29.04.1989	Dr. L. Buetti	Locarno	Topics and/or presentations
30.04.1989			Congenital malformations (EUROCAT)
			Hepatitis B screening
			POCT for hypoglycemia
			Mother-infant contact
			Preterm infants < 1000 g: 1983-85 versus 1978-81
21.11.1989	Dr. C. Kind	St. Gallen	Topics and/or presentations
			Registration of extremely small neonates in Switzerland
			Lack of NICU beds
			Survey perinatal infections
			Risks of exchange transfusion with adsol PRBC concentrates
03.04.1990	Dr. U. Hunziker	Winterthur	Topics and/or presentations
			Prevention of atopic diseases
			Epidemiology
			Immunologic aspects of IgE measurements in cord blood
			Hypoallergenic formulas
06.11.1990	Prof. E. Bossi	Berne	Topics and/or presentations
			Survey ELGANs < 1000 g (1989)
			PME of VLBW < 1500 g at 2 years of age
			PME of VLBW < 1500 g at school age
			14-year follow-up of preterm infants at risk
			Intellectual an neurological development at 14 years
			Risk factors and prognosis of VLBW infants
			ROP (1987-1989)
			Coordination of NICU beds in Switzerland
16.04.1991	Dr. P. Pilloud	Neuchâtel	Topics and/or presentations
			Revision of treatment indications of hyperbilirubinemia
			Hyperbilirubinemia in preterm infants

Date	Organizer	Place	Topics
			Nutrition
			Swiss study of multiple births
			EUROCAT
			Neonatology lectures for medical students
			OSIRIS trial
19.11.1991	Dr. U. Eggimann	Bienne	Topics and/or presentations
			Cord care
			Infection screening during pregnancy
			Immature respiration, a birth defect
			Minolta-Tc-Bilirubinometer
			Lack of NICU beds
26.05.1992	Prof. G. Duc	Zurich	Topics and/or presentations
			Neonatal jaundice in term babies
			Quality control of bilirubin measurements
			Minolta-Tc-Bilirubinometer
17.11.1992	PD Dr. M. Berger	Geneva	Topics and/or presentations
			OSIRIS surfactant trial
			Threshold values of bilirubin (Maisels)
			Mortality and early morbidity of live births 500-999 g in Switzerland
27.04.1993	PD Dr. G. Schubiger	Lucerne	Topics and/or presentations
			Medical interventions for healthy term infants
16.11.1993	Prof. E. Bossi	Berne	Topics and/or presentations
			Subspecialty certification (FMH)
			RDS study
			Polyen fatty acids in preterm nutrition
			Milk banking
			Nutrition and allergies
10.05.1994	PD Dr. J.L. Micheli	Lausanne	Topics and/or presentations
			High frequency ventilation
			Oxygenation and transitional circulation
			Neonatal hypoglycemia
			Subspecialty certification (FMH)
			European Down's Syndrome Association
			Antiviral therapy
			Pregnancy and lactation in HIV positive mothers
15.11.1994	Dr. J. Micallef	St. Gallen	Topics and/or presentations
			Subspecialty certification (FMH)
			Survanta versus Exosurf
			Minimizing risks in neonatal transfusions
			Minimal Neonatal Data Set (MNDS)
			IC neonatology
			Hypoglycemia
			Human immunodeficiency virus (HIV)
04.04.1995	Dr. P. Pilloud	Neuchâtel	Topics and/or presentations

Date	Organizer	Place	Topics
			Hypoglycemia
			Justification of intensiva care for ELGANs: ethics and statistics
			Ureaplasma and neonatal infection
			Subspecialty certification (FMH)
			Recommendations for pulseoximetry in the delivery room
