

## (Bi-)Annual Meetings of the Swiss Society of Neonatology

Prof. Thomas M. Berger

Date	Organizer	Place	Topics
02.11.1995	Dr. T.M. Berger	Lucerne	Topics and/or presentations Immature lungs (M.E. Avery) CPAP Antenatal TRH and corticosteroids RDS Minimal Neonatal Data Set (MNDS) SPSU project: cystic periventricular leucomalacia Nutrition in the postpartum ward: UNICEF versus SGP
16.04.1996	Prof. G. Duc	Zurich	Topics and/or presentations Recommendations of the Swiss Neonatology Group Developmental follow-up of former preterm infants Screening and follow-up of ROP Screening of hearing deficits Minimal Neonatal Data Set (MNDS)
29.10.1996	Prof. E. Bossi	Berne	Topics and/or presentations Developmental follow-up of former preterm infants Mother-infant relationship Fetal hearing and its importance for maternal-infant relationship Maternal stress and fetal development Prepartum depression Assisted reproduction Lack of NICU beds
25.03.1997	Dr. P. Pilloud	Neuchâtel	Topics and/or presentations Ethics CRIB score SPSU project: cystic periventricular leucomalacia Congenital toxoplasmosis Vitamin K MM prophylaxis
28.10.1997	Dr. G. Zeilinger	Aarau	Topics and/or presentations Lack of NICU beds Definition of hypoglycemia (insurance, IV) Subspecialty certification Training of neonatologists in Europe Definitions and guidelines Law on reproduction
21.04.1998	Dr. F. Renevey	Fribourg	Topics and/or presentations Lack of NICU beds Subspecialty certification Training of neonatologists in Europe Obstetrics and pediatrics at Hôpital de Châtel St. Denis Baby-friendly Hospital and breastfeeding in the first 6 months

10.11.1998	Prof. J. Lütschg	Basel	Topics and/or presentations Vitamin B12 deficiency Nutrition and brain development Neonatal seizures Non-epileptic events in neonates Role of EEG Cerebrovascular insults in neonates Near infrared spectroscopy (NIRS) Neurometabolic disorders in neonates Erythropoietin in neonatology New aspects of hyperbilirubinemia
27.04.1999	PD Dr. C. Kind	St. Gallen	Topics and/or presentations Neonatal sepsis Milk bank: hygiene and organizational aspects Growth curves Nosocomial infections RSV prophylaxis with Palivizumab Infants born to GBS-positive mothers
02.11.1999	Prof. E. Bossi	Berne	Topics and/or presentations Recommendations for RSV prophylaxis Financing of follow-up programs Zinc deficiency Aluminum in glass ampoules Heavy metals and small infants Growth curves
23.05.2000	Prof. A. Moessinger	Lausanne	Topics and/or presentations Diagnostic approach to craniosynostosis Chromosomal analysis in the age of genomics Microdeletions Confined placental mosaicism New insights into trisomy 21 Care of neonates in the delivery room: new recommendations? Analysis of MNDS 1996 Multicenter study of neonatal abstinence syndrome
17.10.2000	Prof. H.U. Bucher	Zurich	Topics and/or presentations Ethical decision-making for ELGANs Adaptation of the "Gesundheitsheft" Transcutaneous bilirubin measurements
10.04.2001	Dr. J.M. Choffat	Morges	Topics and/or presentations Neonatal hearing screening Bacteriological examination of mother's milk New growth curves Epidemiology of preterm infants < 32 weeks or 1500 g
30.10.2001	Dr. G. Zeilinger	Aarau	Topics and/or presentations Neonatal dermatology Hemangiomas Humanitarian projects

			Homepage of the Swiss Society of Neonatology
			Case of the Year Award
			Recommendations for the care of infants born at the limit of viability
			Analysis of MNDS 2000
			Care of neonates in the DR and the postpartum ward
			Health Status of MNDS 1996 population at 6 or 8 years?
16.04.2002	PD Dr. R. Pfister	Geneva	Topics and/or presentations
			Role of MRI in the evaluation of neonatal cerebral lesions
			Spectral-edge EEG at the bedside
			Cerebral neuroprotection
			Altered myelination after HIE
			Cystic PVL: study of inflammatory changes in an animal model
			Development of VLBW infants at 6 years
			Normal newborn: definitions
			Neonatal hearing screening
			SPSU: neonatal herpes simplex infections
			Limit of viability
			Optimal gestational age for elective Cesarean sections
05.11.2002	Dr. U. Zimmermann	Winterthur	Topics and/or presentations
			Neonatal nutrition: between evidence and pragmatism
08.04.2003	Dr. A. Blumberg	Bienne	Topics and/or presentations
			Normal CNS development
			Neonatal epileptic seizures
			Neurological examination of the neonate
			Neonatal EEG
			Surgery for hydrocephalus: evidence-based results
			News from the webmaster
			New guidelines
18.11.2003	PD Dr. H. Fahnenstich	Basel	Topics and/or presentations
			Immune-hemolytic disorders
			Fetal and neonatal thrombocytopenias
			New tocolytic drugs
			PPROM and antibiotics
			Perinatal collaboration in the care of the preeclamptic patient
04.05.2004	PD Dr. M. Nelle	Berne	Topics and/or presentations
			Late cord clamping
			Doppler ultrasound in prenatal diagnostic
			Palliative care
			Breastfeeding in preterm infants
			Neonatal oxygen therapy
			Therapeutic hypothermia: pro and contra
16.11.2004	Dr. A. Malzacher	St. Gallen	Topics and/or presentations
			Epo-Trial
			Prevention, diagnosis and therapy of neonatal herpes infections
			Prevention of vertical HIV transmission
			Critical Incident Monitoring
			Recommendations for the care of preterm infants 34-36 weeks

22.02.2005	Prof. H.U. Bucher	Zurich	Topics and/or presentations Swiss cohort study: outcome of preterm infants Pulse oximetry screening for the detection of cyanotic CHD Arrhythmias
25.10.2005	Prof. A. Moessinger	Lausanne	Topics and/or presentations Lung development Lung physiology
28.02.2006	PD Dr. M. Nelle	Berne	Topics and/or presentations PDA: prophylaxis and treatment Pain scores
17.10.2006	Prof. C. Büher	Basel	Topics and/or presentations Milk banking CMV infections Information for parents of preterm infants Feeding of infants with cleft lip and palate
08.05.2007	PD Dr. T.M. Berger	Lucerne	Topics and/or presentations Neonatal studies and surveys in Switzerland
14.11.2007	PD Dr. M. Nelle	Berne	Topics and/or presentations Diagnostic quality: Apgar, cerebral US, blood glucose
26.09.2009	PD Dr. T.M. Berger	Giessbach	Topics and/or presentations Cancelled due to lack of participation
31.03.2009	PD Dr. M. Nelle	Berne	Topics and/or presentations Iatrogenic diseases in neonatology Catheter-related complications Impact of elective Cesarean sections Human errors up in the skies (Hartmann, Swissair) CIRS success stories
19.01.2010	PD Dr. M. Nelle	Berne	Topics and/or presentations Intrauterine growth restriction Endocrine disruptors (Althaus)
18.01.2011	PD Dr. M. Nelle	Berne	Topics and/or presentations Asphyxia and therapeutic hypothermia TOBY registry (Azzopardi)
17.01.2012	Dr. G. Zeilinger	Aarau	Topics and/or presentations Imaging in neonatology Micronavigating beteen science and art (Oeggerli, micronaut)
15.01.2013	Prof. T.M. Berger	Lucerne	Topics and/or presentations Genetics in neonatology Physicia or businessman? (Maio)
14.01.2014	PD Dr. M. Roth-Kleiner	Lausanne	Topics and/or presentations Benchmarking and quality improvement Quality improvement initiatives (Soll)
16.01.2015	PD Dr. R. Pfister	Geneva	Topics and/or presentations Neonatal care in high and low income countries
12.01.2016	Prof. S. Schulzke	Basel	Topics and/or presentations Developmental aspects of neonatal lung disease
10.01.2017	Prof. R. Arlettaz Miet	Zurich	Topics and/or presentations Challenges in perinatal and neonatal infectious diseases
16.01.2018	PD Dr. M. Nelle	Berne	Topics and/or presentations Hot topics
